

# 2050 COMPREHENSIVE PLAN

## Fort Worth is on the Rise

### Rapid Population Growth

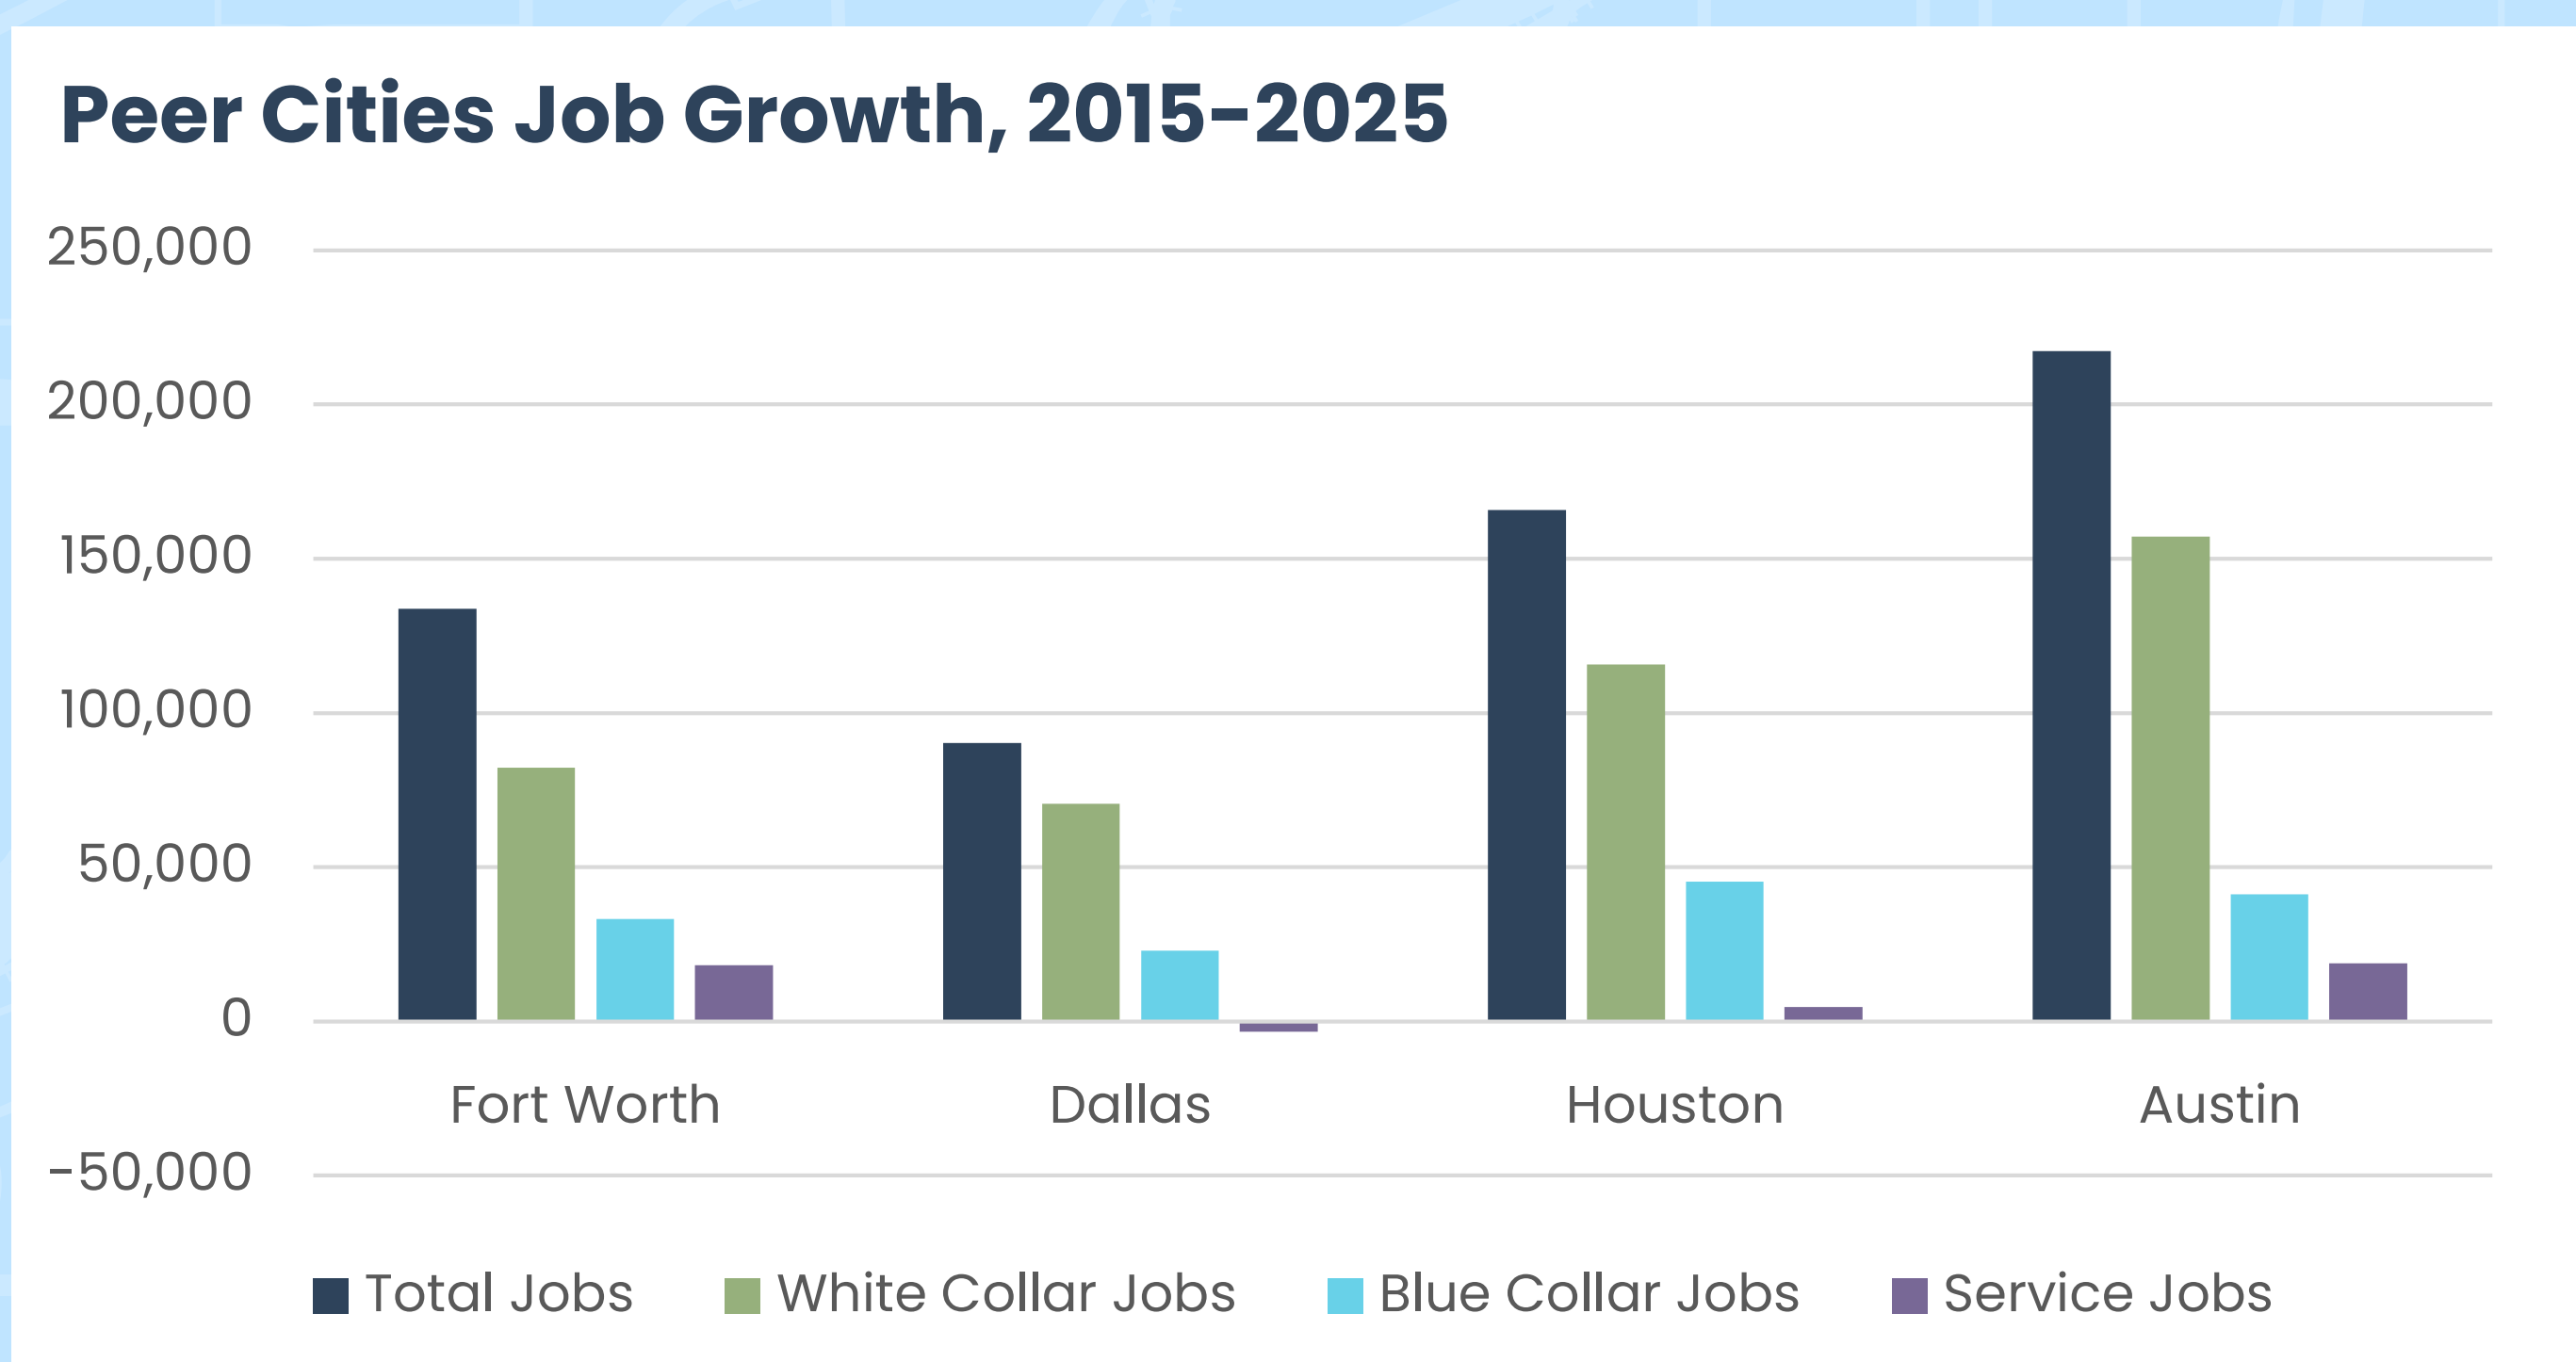

The city's population **surpassed 1 million** in 2024 and Fort Worth is on the brink of becoming the **tenth-largest U.S. city**.

Fort Worth is projected to continue its rapid growth and reach more than **1.3 million residents by 2050**.

### New Job Opportunities

The number of jobs has grown rapidly in the last decade, surpassing **new job creation** in Dallas.

White collars jobs in Fort Worth grew by 24%, blue collar jobs grew by 17%, and service jobs grew by 12%.
